# RULES OF ORDER.

---

## I. Business: How Brought Forward.

All the business of the Conference excepting such as may be brought forward by the President shall be introduced by motion.

## II. Questions of Order.

All questions of order shall be determined by the President, whose decision shall in all cases prevail, unless overruled by an appeal to the Conference: any three members dissenting from the President's judgment, shall have right to appeal to the Conference.

## III. Committees: How Appointed.

The President shall appoint all Committees not otherwise specially ordered by the Conference.

## IV. Motions reduced to Writing.

All motions or resolutions introduced by any member of the Conference shall be reduced to writing, if the Secretary or any member request it.

## V. New Motion.

No new motion or resolution shall be entertained till the one under consideration shall be disposed of, which may be by adoption or rejection, unless one of the following motions should intervene; namely, to adjourn, to lay on the table, to postpone to a given time, to refer, to postpone indefinitely, to amend; and these motions shall give precedence in the order in which they are placed.

## VI. Rules of Discussion.

Every member shall have a right to speak on any motion, but shall not speak more than five minutes at any one time, nor more than once on any one subject until all have spoken who desire to do so, unless by special permission of the Conference.

## VII. Absence.

No member shall absent himself from the services of the Conference unless he be sick or unable to attend.

## VIII. To Close Discussion.

It shall be in order for any member of the Conference, when he thinks a question has been sufficiently discussed, to move that the question be taken without further debate, and if the motion be sustained by two-thirds of the members present and voting, the main question shall then be put without further discussion.

Miss I. ERNSBERGER, M.D., on leave to America.

## Presiding Elder's Report.

## GODAVERY DISTRICT.

GEO. K. GILDER, *Presiding Elder.*

It is in order first of all to bear our testimony to the faithfulness of God, and to record my keen sense of gratitude to Him for the numerous manifestations of His wondrous love and tender compassion, even though His chastening hand has been upon us. His presence has of a truth been with us during the year, inspiring and sustaining us in the midst of much that has been both depressing and distressing.

As workers together, we went to our respective charges with cheerful hearts and with good courage. We were hopeful and simply did what our hands found to do. It is therefore a joy to be able to report at our Annual gathering that the Master's work in this District has gone steadily forward, although our crippled condition in respect of workers of every grade has necessarily as well as seriously interfered with many plans; and is in large measure accountable for retarding much we had reckoned on carrying out this Conference year.

**THE CHURCH.**—We have no English work in the District, hence the church is wholly a native church. There has been a small advance in the numerical strength of our membership. This niembership is cared for pastorally and sub-pastorally not only in the usual Sunday services and week day church prayer meetings, but also in the Fellowship classes and in the Epworth League Devotional meetings. One of the gratifying features about our Indian Christians is their fidelity to that backbone of Methodism, the Class meeting. We consider this a promising sign—a presage surely of spiritual prosperity in our indigenous Methodist Church of the future.

One grave disability we have had to confront during the year, has been the emigration of a large number of our Christians in Raipur and Drug circuits to North East India. Four consecutive years of famine and famine-like scarcity in Chhatisgarh, have so impoverished them, that they have been forced to leave their villages and small village holdings, and to offer themselves for service as coolies on the Tea Plantations of Assam. Officially the last Famine was declared to be at an end in Chhatisgarh, in November 1900; but as a matter of fact, distress and suffering, especially among the poorer class of villagers have prevailed up to now. It is from this class of villagers the bulk of our converts have come. With the prospect of regular work, and the promise of higher wages, elsewhere; it is small wonder that so many, along with numbers of their heathen fellow-villagers have eagerly seized the opportunity of bettering themselves and of avoiding starvation. For the present we retain their names on our books.

At Sironcha also, a couple of Christian families have moved off to other parts in quest of employment. Throughout the District, we are at pains to impress our Christians with the duty and privilege of holy giving. Our people are extremely poor, nevertheless they have responded readily and out of their little all, have contributed for different objects, to wit:—Self-support and the various Church and Annual Conference Benevolences. A Twentieth Century Thank Offering was set afloat this year, in the District; with the understanding that each circuit be at liberty to use its quota as the respective Quarterly Conferences might determine. The outcome is highly encouraging, and there is every reason to expect that the sum fixed on, *viz.*, Rs. 1,000, will be raised before long.

Our Sunday Schools have been efficiently sustained. Old and young are taught the Lessons together, and so acquire a more or less systematic knowledge of the Word of God.

Epworth League work is well to the front in the District. Each circuit has its Senior and Junior League chapters. Our experience of the working of the League, leads us to prize it greatly. To our Christians generally, and to the young people in our care, particularly, it is proving a valuable training school in several forms of practical Christianity. Besides which, the League, because of its occasional socials and other helpful special gatherings, has been the means of bringing brightness and good cheer into lives, otherwise destitute of those social amenities which obtain among more privileged communities.

**EVANGELISTIC WORK**—Itinerating has been attended to in every circuit with regularity, except as the rains, and sickness among some of the workers inclusive of the missionaries, have hindered; and has not been without profitable results. Jagdalpur, Raipur, and Sironcha, have had some accessions, the largest number being in Jagdalpur and Raipur. In the former circuit, there is a notable break among the Uriya speaking Mahárs. In the latter, the movement among the Satnámis reported last year, has not ceased; but we have been compelled advisedly to apply the brakes in respect of baptisms. To cope with such a movement, *we are far too undermanned*: The highest wisdom demands that we go slow. At Sironcha the “break” is mainly among the Mágigás—but a local Málá family has also been baptized, and the spirit of enquiry and

conviction is undoubtedly abroad among the Málás of Sironcha. Not long since, a prominent Málá, on whom I was urging the need of becoming a Christian soon, said to me frankly, "Saheb, what you all teach, is true. All "my caste people admit this." Then referring to the family that had come out for Christ, he added, "Mallu has done the right thing, and we know he is "a sincere and good man. One thing alone prevents us doing the same. It "is, drink. Drinking liquor is at the bottom of all our sins. I have given it "up, but the others have not; and you will not receive us, until we do so. "I must wait until they all abandon it also."

Toddy and Mhowa liquor drinking habits bind without question, the depressed classes of the great river valleys and forest clad uplands of Sironcha circuit, hand and foot—more so, than their animistic and demonological superstitions.

Closely connected with our Evangelistic operations, is Colportage. Sales of Scripture portions have been brisk everywhere—in the towns, on the railway platforms, at weekly bazaars, and in remote rural centres. The good seed has thus been disseminated far and wide.

**EDUCATIONAL WORK.**—In our Boys' Orphanages, the lads are under daily instruction and wholesome discipline. It is on these institutions, we depend for our efficient native helpers in the future, as we have practically abandoned all hope of securing capable men from other parts of the land.

Our schools are in their infancy. In Yellandu, the Educational Inspector has recommended a grant-in-aid of fifteen rupees a month to our Day School there, from His Highness the Nizam's Government. At Raipur, Sironcha and Jagdalpur, we have not deemed it expedient to apply for Government grants, just yet.

**INDUSTRIAL WORK.**—The centres of this form of Missionary labour, in the District, are Yellandu and Jagdalpur. In Yellandu, careful attention to the Mission garden has resulted in a net profit of about Rs. 500 for the year. A small dairy business has also been developed which brings in some Rs. 50 a month. The village, under arrangements this year affording a wider sphere of agricultural effort for the Christians, has yielded a better income than ever, netting about Rs. 3,000. In Jagdalpur, 150 acres have been placed under cultivation, promising a harvest worth Rs. 3,000. Plans for the cultivation next year of 300 acres, for starting sericulture, and for establishing on a modest scale, a blanket weaving business, are being laid with every prospect of success.

**OUR NEEDS.**—These are many, but we would voice two of the most pressing. First, we need material equipment. Jagdalpur and Yellandu are supplied with suitable Mission accommodation, which are a positive gain to the work. Raipur and Sironcha are not, notwithstanding that in both places we are fortunate in possessing splendid building sites. The lack of this equipment in both these important centres, militates sorely against any healthy expansion.

Next, in view of the many magnificent opportunities in the District we require speedily three new missionaries;—one for Drug, another for Sironcha, and a third for Jagdalpur. In each of these circuits, tens of thousands of precious souls who walk in darkness, and dwell "in the land of deep darkness," for whom the Lord Christ gave His life; look to us for the glorious Evangel of His redeeming Love, and mutely appeal to us, to come over and help them.

**WOMAN'S WORK.**—Woman's Foreign Missionary Society's work in *Raipur*, has been diligently carried on with much to encourage in every department. Several women and girls have been baptized. The field is wide and abundant in promise, and there is ample scope for two missionaries.

At *Sironcha* the work has met with a heavy reverse through the death of Miss Fuller. In September last year, Miss Fuller, having volunteered, was transferred from Lucknow to the charge of W. F. M. S. work in Sironcha

circuit. She entered upon her labours with enthusiasm. Both by letter and in personal conversation, she frequently dwelt on the attractiveness of her new field. With the co-operation of her helpers, she rapidly gained the confidence of the people, and pushed her work energetically. These efforts have not been without fruitage.

A couple of weeks before she took ill she wrote:—“I have never been where “the people are so approachable, as they are here. There is no restriction “whatever about our teaching their children, and the work is very promising “and encouraging. The only drawback is the want of helpers. Our hearts “ache for the women and children and for all the people here. We would be “glad to teach more and more, if we only could. We need more workers— “Spirit filled workers—to go out among these people every day.”

---

The big sympathetic heart that was moved so to write, is now stilled. The hand that penned those lines, now moulders in the dust. Miss Fuller is *not*; for God hath taken her—and Godavery District is the poorer for her removal. For Sironcha and for Sironcha's thousands, Miss Fuller gave her life—falling at her post. Loving hands tenderly laid her remains to rest in the quiet little God's Acre in Sironcha. Is not that lonely grave an additional link, binding us, as a Mission, to Sironcha?

In *Jagdalpur* and *Yellandu* there is no W. F. M. S. provision for work or workers; but Miss Kees who has the management of the Girls' Orphanage at Jagdalpur is proving herself a capable volunteer missionary; and Mrs. Ward's indefatigable efforts to raise funds for a Woman's Memorial Hospital at Yellandu, are meeting with success. A site has been generously promised her by the Deccan Mining Company, for the building.

In each circuit, the Ladies are face to face with great openings, but are unable to advance as rapidly as they ought to, through lack of sufficient workers.

## HYDERABAD DISTRICT.

W. L. KING, *Presiding Elder.*

Another year has swiftly passed and we must pause to review it before beginning the work of the one we must now enter. In this connection and before we enter on the general features of the work it behooves us to acknowledge the good hand of our God upon us throughout the past year. To report His mercies and blessings in work and home, in life and heart, would be impossible but for them all we record our gratitude to the Giver of all good.

During the year just closed the personnel of our Missionary band has changed materially. There have come to us Bro. R. C. Grose and wife and Bro. C. E. Parker, and, in connection with the W. E. M. S., Miss Wells. May their years be many and their usefulness great in this wide and needy field! Miss Wood also returned to her work after a brief furlough in America and shortly after her return Miss Evans left for the home land. Bro. Shaw also went from us to Madras to take charge of the Vepery English Church. We had expected that Bro. and Sister Garden would be with us in time for conference but they have been detained on the way, and will probably arrive about the time the session closes. We have been very glad to welcome the newly appointed and returned Missionary brethren and sisters and we trust those who have gone from us may be abundantly blessed of God in the work that has fallen to them.

Our work naturally divides along linguistic lines into English and Vernacular. In this report we shall treat these two general departments of our work.

1. ENGLISH WORK.—We have two fully organized English churches and English services are also held whenever practicable in the centers of our Vernacular work where we have no organized English work. The work in these two churches is in an encouraging condition. While widespread revivals have not taken place a few have been converted and there have been evidences of a work of grace in some hearts. The congregations at Hyderabad have been uniformly very good and the prayer and class-meeting services have been exceptionally well attended. On the financial side this church has had a good year. No difficulty has been experienced on the line of pastoral support. The contributions for our connectional benevolences are in advance of those for any preceding year. In addition to this a generous contribution has been made to the permanent fund established many years ago for the benefit of our Conference claimants. I have been much gratified to note the somewhat rapid advance of this church in its finances for several years past and it gives me special pleasure to report that the year 1901 has witnessed another considerable advance.

In the Secunderabad circuit there are two regular appointments, *viz.*, Secunderabad and Bolarum. In the former the congregations have not been large but have been uniformly good and the prayer meeting has shown an advance in attendance and interest. The general departments of Christian effort have been well sustained. At Bolarum the congregations have shown a considerable advance and the pastor has been much encouraged by the interest manifested of late. On the financial side this circuit has made a better record than I dared hope when, early in the year, it suffered a considerable loss by the death of Bro. Wale. The saving in house rent by the appointment of an unmarried man relieved the financial situation when it was peculiarly trying. The people have done well on our benevolences, having contributed more in the aggregate than was apportioned.

As I review the year's work in our English churches I am encouraged. What is needed in both these churches is a thorough revival that shall reach the unsaved to whom we minister and prepare all our people for holier living and more effective service. May such a revival visit us.

2. VERNACULAR WORK.—Our Vernacular work has three general centers, *viz.*, Bidar, Hyderabad and Vikarabad. I report these in order.

The work in and around Bidar has shown enough advance to warrant the encouragement we feel for the future. The most prominent features of the work are the training of the Christian converts and definite evangelistic effort among the heathen people in the surrounding villages to a distance of several miles. In these departments faithful work has been done. Instead of organizing for educational work by establishing a school such as the Christian boys and girls need the policy of sending them to already established schools has been adopted. In carrying out this policy a considerable number have been sent to Gulbarga and Raichur. One young man has returned this year to take up work among his own people. A small school has been maintained for some years for the benefit of those who could not go elsewhere and for some of our older Christians who wished to learn and could give a little time to study. Another low grade school has just been opened in a village near by in which several have recently been baptized. Our people are not making rapid strides in self-help. They are still suffering from the effects of the famine and at the best they are very poor. Many of them, however, subscribe to the church and all are being instructed in their duty in this respect.

The Hyderabad Vernacular work has had a fairly good year along most lines. The congregations have been about as usual but the meeting for prayer and testimony has been better attended and has been of considerable interest. Street and village preaching has been regularly and faithfully carried on. In colportage work the results of all previous years have been, I believe, consider-

ably surpassed. Special attention has been given to the children. We have gathered them together whenever we could that we might teach them of the Children's Friend and Saviour. A few persons have professed conversion during the year and some give good evidence of a change of heart. On the financial side we have done about the same as the preceding year. The city school has had a prosperous year and the Inspector has privately assured me that it shows an advance over the preceding year. Our teaching staff has been improved and we hope for much better results for the future than have yet been secured. Financial aid is urgently needed. The W. F. M. S. work in this circuit has prospered in all departments. A good work is being done. During the entire year we have been negotiating for property but up to this date we have not succeeded in securing it. The Day school in connection with the Orphanage and Boarding school has had a good year. The Inspector expressed himself as well pleased with the advance made over last year. The other Day schools and the Sunday-schools are an important part of the work being carried on. They are well attended and the outlook for the future is hopeful. On the whole we are encouraged by the experiences of the year but our chief encouragement comes from the fact that God's word shall not return unto him void. We have been permitted to give it to the people of many classes and in various forms and we expect God will prosper it in the thing whereunto he has sent it.

The work on the Vikarabad and Tandur circuit alone remains to be reviewed. In this circuit the Day school at Vikarabad has been reorganized and improved in several respects. Special emphasis has been placed on the payment of fees with the result that there are very few whose parents do not pay fees according to their income. The other departments of the work have been maintained with a fair degree of success. The Sunday-schools and class meetings have been reorganized. Regular registers are kept in both. We have a very good staff of workers in this field and a large ingathering may be expected in the not distant future. The people have not fully recovered from the effects of the extreme scarcity of last year and probably the statistical report will not show much financial advance. If this be the case we cannot wonder at it. Large numbers have not been baptized but enough have taken this step to indicate a healthy growth. We believe that the work is on the whole in an encouraging condition. This field offers a most hopeful opening for W. F. M. S. work. We regret that there has been so much delay in taking this work definitely in hand and trust a lady may soon be appointed and a suitable property secured.

When we turn from the work to review the year along other lines of a more general nature we find much cause for gratitude. We cannot report freedom from all trials and difficulties, but trying experiences have not been numerous. There has been sickness in some homes among our people but in very few has it been unto death. In our Mission circle one home was invaded by death. After months of weary watching by their infant child Brother and Sister Batstone were called upon to part with her. In this severe affliction they recognized the presence of the God of all comfort and found His grace sufficient.

In view of the many tokens of the Divine presence and favour we have had during the year, we cannot do better in closing this report than to acknowledge as we did in its opening sentences the debt of gratitude we owe to our Heavenly Father. We praise Him for his presence, his exceeding great and precious promises, the victories he has given and the grace bestowed. The memory of his goodness encourages us as we face another year not knowing what it holds for us.

**MADRAS DISTRICT.**

J. B. BUTTRICK, *Presiding Elder.*

I closed my report last year with "Ebenezer" as the heartfelt refrain of every worker on the Madras District, and I cannot find a more appropriate expression with which to commence this year's report. Throughout this, the first year of the Twentieth Century, God has indeed been the Helper of us, His co-workers. The spirit of the Twentieth Century Forward Movement has characterized the service of the corps of workers on the District, and has also been an inspiration to many of the laity of our Church. Not all that we looked for has been realized in the shape of spiritual fruit which can be tabulated. And yet on nearly every charge the power of God has been in some measure manifest in soul winning, and also in quickening the spiritual life of believers. Gratefully do we render God the glory. For whatever has been accomplished has been achieved in spite of what to human ken are adverse influences. With a diminished appropriation for work our working force has been smaller than in the preceding year, some stations have been unsupplied, and others have been undermanned. These are serious conditions to prevail, and have been keenly felt.

**WORKERS.**—God has graciously spared the lives of Missionaries and our Indian fellow-laborers alike. But death and affliction have not been altogether absent from our homes. The most sorely tried in these respects have been our Indian brethren. Brother W. Raju has been bereft of two dear children, besides having had almost continually the presence of physical illness in his home; and Brother John Narappa, through physical infirmities, has been incapacitated from work during a great part of the year. I am thankful for the reinforcement received in Brother Shaw's return to this District, and I also extend to Dr. Rudisill a hearty welcome back to India, and to his flourishing work in Madras. And yet, whilst sincerely appreciating and gratefully acknowledging the presence on the field of the number now in active service, I cannot cease my prayer to the Lord of the harvest to send forth *more* laborers into this portion of His harvest. At least four more Missionaries, and a multiplied force of Native workers are needed, if we are to effectively serve the portion of God's vineyard into which He has led us, and which we now occupy. Whilst much is being done to give the bread of Life to the needy multitudes around us, still year by year the extent of what is *not* being done but *needs* to be done, looms increasingly before my vision.

**WORK.**—Our work may be classed as *spiritual* and *temporal*. Yet these two divisions are not so separate, but that they overlap and are intimately co-related and also interdependent.

Of course *spiritual* work is supreme with us, and to the development of the spiritual *all* our work, whatever the phase it bears, is subservient. Our Industrial operations and our Scholastic Institutions are conducted in harmony with that rule, to be observed by every Methodist Preacher, which declares to him: "You have nothing to do but to save souls."

Our main centers of *English* work are Madras and Bangalore. English services are also held each week in Kolar and in Bowringpet, and thus some who would not otherwise have spiritual privileges are ministered unto. Neither in Madras nor in Bangalore is our English work exerting as wide an influence as we would covet for it, and yet in each place it is filling a useful sphere, and God is accomplishing much through its agency. Special services earlier in the year in Blackpully, a needy part of Bangalore, and similar services held in Vepery near the close of the Conference year, resulted in several conversions and the quickening of believers. The regular services also have not been unfruitful in similar results. Preaching services, Sunday Schools, Epworth League, and various other forms of Christian activity engage

the consecrated ability and energy of many of our laity, and we are thankful that God has given us many who are thus willing to serve him. I believe that there is a future before our English work, and that, as the Divine ideal concerning it is being realized, we shall find that our English Churches are becoming more and more effective auxiliaries in the evangelisation of the non-Christian multitudes.

*Vernacular* work, pastoral and evangelistic, constitutes the major part of our spiritual service, and is prosecuted in practically all of our appointments. Nearly every circuit reports conversions and baptisms from the non-Christian community. And whilst our Native Christian Churches are not yet altogether free from imperfections, yet I am thankful to report that—and especially so in the larger Native Churches, both Kanarese and Tamil,—the year's work has furnished those in charge with abundant evidence that our Indian fellow Christians are developing in Christian character, and are becoming fitted for Church government. One Indian Preacher-in-charge, with a community of 85 Christians on his circuit, reports that he has not had to enquire into any quarrels or any case of sinful conduct amongst his flock during the whole year. It is not necessary to say more in this connection than that it was not always so. Some of our Indian laity also have earnestly sought to win souls for Christ this year, and in some measure have succeeded. As our people attain unto holiness, they will at the same time become more fully possessed of the aggressive spirit of our Lord and Master, and will seek to save the lost. This is as it should be, and as it must be, in these days when our force of paid workers has of necessity to be reduced.

In our evangelistic work we find on every side willing and even sympathetic listeners to the Gospel message. One brother gladly reports, that when preaching at a heathen festival and fair many of his hearers were moved to tears under the ministry of the Word, and also that many have come and offered him money after preaching, thinking probably that the giving of some substantial offering was the most satisfactory way of showing their appreciation of his message. Another of our Indian brethren, on the Kolar Circuit, was requested to visit a certain village for the express purpose of proclaiming the truth as it is in Jesus, and to come at such a time as would be most convenient for the people to listen uninterruptedly. Needless is it to say that he gladly went one evening at about 9 o'clock. And from that hour until 3 or 4 A.M., the people sat and eagerly listened as he explained the Gospel message. I am informed that other villages are calling for similar services, but paucity of laborers prevents speedy response. Nevertheless conversions have been few in comparison with the vast numbers of unconverted all about us, and few they are up to the present who have ventured to forsake all and follow Jesus by confessing Christ in Baptism, for such a confession still calls for such a sacrifice in the greater part of our field. And yet we regard incidents such as the foregoing as indications of the operations of the Holy Spirit in the minds and consciences of these people who have for so long "sat in darkness and in the shadow of death." And I am thankful to know that a most hopeful spirit pervades the rank and file of our workers. At our recent District Conference not an expression of doubt was heard, but an assurance of imminent victories generally prevailed.

The *temporal* side of our work on the District receives considerable attention from some of our Missionaries and Indian brethren. And it is imperative that we all give more or less attention to it. It embraces the question of *Self-support*, and also our *Industries*.

On every Vernacular charge some amount has been raised for *Pastoral support* this year. Kolar circuit retains first rank, and is still advancing. I am thankful to note that Vepery Tamil circuit has at last done something definite in this direction, and this year has raised a substantial amount.

Whilst the growth of our Christian community is so slow, and in view of the deep poverty of the people from whom the bulk of our converts are won, our dependence on the Missionary Society for the larger part of the support of our Indian Pastors must continue. But our ultimate goal, which we studiously keep in view, is the financial independence of every circuit, together with self-propagation by aggressive evangelism amongst surrounding non-Christians.

The *Industries* on the District are becoming a source of financial strength to our work. Bro. Hollister at Kolar is developing the different phases of his multifarious industrial operations very perceptibly and profitably. He ought to have had a Missionary colleague two years ago, and it would tend to the future prosperity of this work and to the blessing of our whole field if one could be sent, who is possessed of like consecrated abilities to those with which God has endowed Bro. Hollister. The Kolar Industrial work has this year supported the Preacher-in-charge of Srinivasapur Circuit. It is also a gratification to us that the Industrial School has been recognised by the Mysore Government with a grant-in-aid of Rs. 75 monthly, besides a few scholarships.

The *Methodist Publishing House* in Madras has had a prosperous year under the supervision of Bro. Tindale. There is no lack of work, and the sphere of its influence is continually widening. God has large designs for the spiritual usefulness of the Press, I am sure. A number of Christian boys from our Tamil Orphanage are employed in the Press, and are learning Bookbinding, Printing, Half-tone work, and Electrotyping.

Similarly are our Kanarese boys at Kolar and Rollingspur being instructed in Agriculture, Sericulture, Carpentry, and other forms of labor. Our agricultural operations also bring under evangelical teaching scores of people who do coolie work for us, or who cultivate Mission lands. Already Christian influence is telling on many of such, being manifest in their conduct and also in their changed attitude towards Christians and Christian worship.

I regret that I can give no glowing report regarding the *Baldwin High Schools*. They have not had a very prosperous year either numerically or financially. Educationally, however, they have sustained their high reputation. Plague, probably, has much to do with the decrease of boarders, as parents are not likely to send their children very readily to a plague infected city. We are eagerly looking for the advent of a Lady Principal of the Girls' School from the Women's Foreign Missionary Society. When it becomes possible thus to separate the Boys' and Girls' Schools, I doubt not but that the tide of prosperity will turn, and under God's blessing the schools shall not only once again resume the position they occupied three or four years ago, but also attain to a higher position.

**WOMAN'S FOREIGN MISSIONARY SOCIETY.**—In Bangalore, Kolar, and Madras this Society is carrying on effective work in Orphanages, Schools, Zenanas, and Villages. The manifest blessing of God has rested upon the service which has been rendered by the devoted Ladies in charge and their assistants. We are glad to welcome Miss Grace Stephens back to her Indian home and work. We also extend heartiest greetings to Miss Grace Woods, whom God has brought to India to reinforce His work in Kolar. We prayerfully await the coming of the Society's Missionaries to Bangalore.

Our hope for the future of the work on this District is in God. We see no reason why such wonderful works as have been manifested in the islands of Japan this year, should not be repeated here in India, and on the Madras District. May the showers of saving grace tarry not, but speedily and copiously fall upon our entire field!

**RAICHUR DISTRICT.**

D. O. ERNSBERGER, *Presiding Elder.*

Having been obliged to return to America early in July, necessitating my absence from the District for nearly half of the year, the Rev. Ellis Roberts was appointed by the Bishop to take charge of the District and Circuit during my absence. I wish first of all to express my deep appreciation of the very efficient and satisfactory way in which the affairs of both the District and Circuit were administered. I desire also to acknowledge my indebtedness to Brother Roberts not only for this service and labor of love, but also for most of the material for this report, much of which has been copied from his report for the Missionary Society's Annual Report.

At present the strength of our staff of workers is largely employed in the training of the young partly in Village schools and partly in the Christian Boarding Schools of Gulbarga and Raichur. Within the year these two schools have made excellent progress intellectually and spiritually. Both have been placed on the Government list of recognized schools. The boys' school at Gulbarga teaches up to the Middle School standard. The W. F. M. S. School at Raichur has several pupils preparing for the Middle School examination.

Though much attention is paid to the training of the young of the District, we keep up bazaar and street preaching and the people everywhere hear with respect and in many places with marked interest and concern.

Nowhere in the District is the work carried on with more energy, persistence and success than on the Shorapur Circuit, where it is stamped with many signs of healthy spiritual activity, even to that of enduring severe and trying persecution with a firmness of men and women possessed of the spirit of the martyrs. The conduct of these people in the midst of these great trials is a tremendous moral and spiritual force which will tell for good. They are worthy of the sympathy and prayers of the Church.

A serious lapse into heathenism of a community of baptized persons in one section of the District, brings us face to face with one of the terrible results of our inability to supply and support sufficient and duly qualified Native helpers for evangelistic work. We have not the means to supply one-twentieth of the Native workers necessary for the efficient working of the District containing as it does 2,000,000 of Kanarese people. It is pitiful to think of the many thousands of most accessible people who live in utter darkness in the rich valley of the Tungabhadra, on the banks of the famous Krishna and in the plains of Gulbarga. What has been done is distressingly small compared with that which is yet to be done. But what shall we say in view of the cut in appropriations now facing us? How shall we make the Church at large feel their privilege and responsibility in regard to the evangelization of these millions?

The Raichur District is doing its full share of preparing Christian literature for the Kanarese people. Three colporteurs are at work distributing the literature of our Publishing House as well as the Holy Scriptures. The working of God's Spirit in the heart of *Chandra Lela* and God's gracious dealings with *Suchila* form topics of great interest among the people. The word of God in portions and in complete volumes is being purchased and read more and more and is doing its work surely though silently.

I have already spoken of the W. F. M. S. School in Raichur as being in good condition, but in addition to the school, village work, chiefly among our Native Christian women and girls, is being carried on through some Bible-women in the vicinities of Krishna and Shorapur.

Our prayer is that God may somehow help us to help these needy people.

## Reports of Committees.

### I. TEMPERANCE.

Your Committee would call the attention of our Missionaries, Native Ministers, and people to the growth of the evils of intemperance in every part of India, and urge upon them the most tireless devotion to aggressive effort for its suppression.

We would urge upon our Pastors the importance of the most faithful indoctrination of the children of our Christian people—our Sunday-school children, and especially of our enquirers, young converts, and probationers in Total Abstinence as the most true and effective temperance foundation for Christians and Methodists. We are thankful for the strong utterances of our Discipline (See Appendix, pp. 377—382) and we would specially call attention to, and urge the practice of the *Recommendations* on pages 381 and 382.

We would urge great fidelity on the part of all our Pastors in carefully watching over our people to preserve them from the dangers of intemperance which are a continual menace to their safety. We would urge upon them also the necessity for explaining very fully the position of our Church in regard to temperance before receiving any into full-membership.

We would earnestly commend the work of the Women's Christian Temperance Union, and recommend our people, women especially, to join it, and thus identify themselves with the cause.

FAWCETT SHAW.  
S. MAIGUR.  
M. L. HARRIS.

### II. STATE OF THE CHURCH.

Your Committee on account of insufficient data feels its inability to make a report of the condition and needs of our Church in South India such as the necessities of the hour would seem to demand. We have great cause however for gratitude to God because of steady progress during the past year and manifest hopefulness for the future.

Our increase in probationers and members is about one hundred, and the Christian community somewhat over three thousand, an increase of nearly three hundred.

There has been a falling off in baptisms however only 79 children and 161 adults having been baptized being 240 less than we had in 1900. This falling off is not due to lack of applicants as hundreds if not thousands, especially in the Raichur and Godaverry Districts, could be baptized if we but had the workers to care for them, and necessary funds. This is a most serious state of affairs and should lead us to humble ourselves before God and beseech Him daily to supply all our needs according to his riches in glory by Christ Jesus, and to pray that the Church at home might realize still more keenly the responsibilities and opportunities which are theirs in the evangelization of India.

We would urge the necessity of caring thoroughly for those baptized, by drilling them in the Bible and catechism and leading them on in Christian experience. The children should have special oversight as the parents of most of them are but babes in Christ. We would urge also the necessity of each missionary pushing forward evangelistic work especially in public, in the villages and bazaars;—if this is done it will greatly encourage—and help our assistants and greater and more blessed results will follow.

Our English work is full of encouragement and shows signs of revival. We should continue to exercise our most consecrated effort in this branch of our work. We would suggest that pastors seek to secure consecrated Anglo-Indian and Eurasian young men and women to the work of God in India.

W. H. L. BATSTONE.  
G. GERSHOM.

### III. SUNDAY SCHOOLS.

Recognizing the period when children are in Sunday School as the most favorable time in life to impress upon mind and heart the teachings of Holy Scripture, we would exhort all Christian workers to make the very most of it.

The furnishing of the minds of the children with truth which the Holy Spirit uses in their salvation is a large part of the Sunday School teacher's work. In view of this fact, your committee regrets that the statistics do not make possible a more favorable report.

In four of the six columns of totals we must report a decrease.

We closed last year with one hundred and thirteen Sunday Schools. This year the statistics report one hundred and ten.

There has been an increase of one hundred and three in the number of Christian scholars and in the average attendance an increase of one hundred and seventy-three. A decrease of fourteen officers and teachers. Of non-Christian scholars a decrease of two hundred and fifty-nine, and in the total attendance a decrease of one hundred and fifty-six.

Most of this decrease may be due to the three or more schools which have been closed and others which are undermanned because of the decrease of paid workers. The only help seems to be in the enlistment of more voluntary workers who can devote some time to this most important work without pay from the Missionary Society. It will be a help to their own spiritual life and the best equipment in the way of training for efficient service.

The increase of one hundred and three in the number of Christian scholars is cause for gratitude. Some of the children are being converted. One from every twenty-two of all the non-Christians in all our Sunday Schools.

But it is less than one conversion in each Sunday School and reveals the somewhat humiliating fact that it has taken more than two teachers and twenty-one Christian scholars to bring one child to Christ.

That with a decreased total attendance of one hundred and fifty-six, we can report an increased average attendance of one hundred and seventy-three would seem to indicate that the plea of your committee of last year for more competent supervision has not been without good results.

We believe that no lesson helps are superior to those published by our own Church, and that for Methodist Episcopal Sunday Schools no other are so good. We would urge their use in all the Sunday Schools conducted by workers under the auspices of our Church.

## V. DEACONESS BOARD.

A meeting of the Board was held in the Methodist Episcopal Church, Chadarghat, Deccan, December 14th, 1901.

The names of the following Deaconesses were called, and their characters passed :—

Miss Grace Stephens, Mrs. Jones, Miss Fisher, and Miss Maskell, also Mrs. A. M. Walker, Associate Deaconess.

The following young ladies, who have been in our work for some time, and who have proved themselves to be efficient labourers in the Master's vineyard, were continued as Deaconesses on probation :—Miss D'Jordan, Miss Fannie Young, and Miss Z. Doyle.

## VI. EPWORTH LEAGUE BOARD.

The past year has been one both of loss and of growth so far as statistics show. Since last year's returns, the Board regrets to record a decrease of one Senior Chapter and 35 members, leaving a total of ten Chapters and 456 members; but is pleased to note the marked increase of four Junior Chapters and 244 members, making a total of fourteen Chapters and 670 members. More than half of this accession is in the Godavery District, where, judging from the Presiding Elder's report, great interest and value are attached to this department of the Church. Quoting from this Report :—"Each circuit has its Senior and Junior League Chapters. . . . . To our Christians generally, and to the young people in our care particularly, it is proving a valuable training school in several forms of practical Christianity. Besides this, the League, because of its occasional socials and other helpful special gatherings, has been the means of bringing brightness and good cheer into lives otherwise destitute of those social amenities which obtain among more privileged communities."

Further, at the All-India Epworth League Convention at Poona in September, great emphasis was laid on the importance and value of the Epworth League in native and village churches, even though it be often true that not more than the Department of Spiritual Work can be successfully carried on.

Yet when we consider that out of the 29 circuits of our Conference, in only 13 are there chapters of the League, we feel that due attention and importance have not attached to this member of the Church body.

We would therefore earnestly urge that all preachers in charge should, in accordance with the injunctions of the Discipline, consider carefully whether the League cannot with profit be organized where there is now no Chapter and be made more efficient where a Chapter already exists, and that the organization of our own Church be given first attention and place.

We would draw your attention to the fact that the recent Convention at Poona recommended to the Board of Control in India that Bangalore be the seat of the next biennial Convention. We trust that this will meet with the approval of the Board, and that South India shall receive abundant blessing and abiding results from preparing for and from entertaining this gathering of the hosts of Epworthians from all Southern Asia, and that everyone shall begin at once to prepare for it by developing the League in every corner of our own wide field.

We heartily commend to all pastors and people the *Indian Epworth Herald*, published monthly at Re. 1 *per annum*, in Calcutta. We believe that this is a paper worth the money and worthy of your ready support, and urge that a vigorous canvass for subscriptions to this periodical be made.

In view of the opportunity that is offered in the *Epworth Herald* and in many of the other Church papers in America for the insertion of news items, incidents, short stories, etc., of mission life, converts and work, we urgently request that each and all shall contribute frequently to this object, sending contributions to Mr. S. Earl Taylor, Chairman of the General Missionary Committee of the Epworth League, 57, Washington St., Chicago, Ill., U. S. A.

In closing, may we urge that all preachers shall bring to the attention of their workers and people the recommendations of this report and shall prayerfully endeavour to bring up this department of our Church work to the greatly increased efficiency for which there is ample opportunity.

## VIII. BOARD OF EDUCATION.

### STATISTICS.

The Statistics for 1901 show a decrease in the total number of schools, but an increase in the total number of scholars—the figures being 55 and 2,216 respectively, as compared with 61 and 2,197. These figures shew that we have six schools less and nearly 20 scholars more than last year. If we study the difference as applying to Boys' and Girls' schools we find the loss is entirely in

the direction of the boys' schools, there being six of these less in 1901 than in the previous year while the number of girls' schools has remained the same.

#### INSPECTION.

In accordance with the appointments made at the last meeting of the Board of Education, an inspection of the kind suggested was made of most if not all of the schools within the Conference bounds. The inspections revealed the following very satisfactory features,

(a) That the International Sunday School Lesson is made the basis of religious instruction in nearly all the schools along with the Church catechism.

(b) That in nearly every school Christian teachers have exclusive control. While it is safe to expect that schools receiving Government aid must conform to certain standards of efficiency and so give a good report of themselves, it was specially gratifying to note the excellent management of certain primary village schools with no incentive in the shape of grants-in-aid conducted in the most satisfactory manner. In this connection special mention may be made of the Vernacular schools in Kolar, Madras and Bangalore, your Board recommends a repetition of the plan of inspection for at least another year and nominates the following as Inspectors of Conference Schools in the districts associated with their names, e. g.,

J. H. GARDEN—Hyderabad and Raichur Districts.  
C. B. WARD—Godavary District.  
C. W. ROSS DESOUZA—Madras District.

#### TRUSTEES OF BALDWIN SCHOOLS.

Your Board nominates the following to be Trustees of Baldwin High Schools in Bangalore for the year 1902 :

REV. J. B. BUTTRICK.  
REV. W. H. HOLLISTER.  
REV. A. W. RUDISILL.  
J. H. STEPHENS, Esq.  
REV. C. W. ROSS DESOUZA.  
REV. G. K. GILDER.  
REV. W. L. KING.  
REV. D. O. ERNSBERGER.  
MISS FISHER.

#### SCHOLARSHIPS.

Whereas the Educational Fund is, or expects to be, relieved of the responsibility of Willie Curties' support for 1902, it is suggested that the amount hitherto paid on his account out of the Educational Fund be transferred to the educational expenses of two of the daughters of Bro. W. Curties, so securing two scholarships of Rs. 10 each per mensem to the sons of Bro. Toussaint, and two similar scholarships of Rs. 10 each per mensem to the two elder Curties girls.

#### IX. CONFERENCE STEWARDS.

Our Conference is fortunate in having established some years ago through the liberality of various donors a Fund amounting to Rs. 3,000 which has been designated our "*Conference Claimants' Permanent Fund*."

We are glad to report that as a result of a plea for a Twentieth Century Thank-offering we have this year added to this fund Rs. 508-11-0 making from this date a sum of Rs. 3,508-11-0 to be kept at interest in aid of Conference claimants. The Conference gratefully acknowledges this manifestation of interest in this fund. Foreseeing special needs the Conference in the last decade wisely accumulated a *reserve fund* which amounted to Rs. 1,122, in 1900. The unusual demands of the last three years have reduced this reserve fund rapidly.

A year ago Rs. 372 were expended above receipts. The year just closed shows an expenditure of Rs. 457-14-0 in excess of receipts, and now we find our reserve fund amounts to only Rs. 294-6-3.

We recommend that the Treasurer be authorized to distribute aid as follows: To the daughters of W. F. G. Curties, Rs. 240, to Mrs. B. Peters, Rs. 300, to Mrs. T. R. Toussaint, Rs. 660, the said sums to be paid in monthly instalments as they may be available, should the receipts be insufficient to pay these amounts in full the deficiency shall be shared *pro rata* by the claimants.

If unexpected conditions arise which make this disposition of these funds doubtful to the Treasurer he shall refer the matter to the Finance Committee and be guided by its decision.

That there be no reduction of these amounts recommended, or delay in their payment, we urge upon each Preacher-in-charge, and all interested in these funds, most prompt and liberal contributions thereto.

## Resolutions.

### 1

*Whereas*, we learn that our dear Bro. Gilder is prevented, by reason of personal affliction, from being present at this session of Conference, *Resolved*, that we hereby express our regret at his unavoidable absence. *Further*, that we tender him our sincere sympathy in this season of trial, and assure him of a warm place in our hearts and that he shall be remembered in our prayers.

J. B. BUTTRICK.  
W. L. KING.

### 2

*Whereas*, we have listened with much profit to Bro. R. J. Ward's presentation of the interests of the Training School at Adyar under the charge of Mrs. Ward, *Resolved* that we hereby assure both Bro. R. J. and Sister Ward of our sympathy with the object laid on their hearts and to which they have so earnestly set their hands and wish them all success and prosperity, material and spiritual.

C. W. ROSS DESOUZA.  
D. O. ERNSBERGER.

### 3

*Resolved*, that we have learned with deep sorrow of the dangerous illness of Brother Matthew Tindale's daughter, and that we tender him our heartfelt sympathy and assurances of our prayers that God may speedily restore her to perfect health.

A. W. RUDISILL.  
C. W. ROSS DESOUZA.

### 4

*Resolved*, that the subject of the "Re-marriage of put-away wives" referred to this conference by the Marathi District Conference of the Central Provinces be referred to a Committee of three to be appointed by the chair the said Committee to report a year hence.

W. H. L. BATSTONE.  
G. GERSHOM.

## 5

*Resolved*, that we assure Dr. Rudisill the Agent of our Press in Madras of sincere interest in, and sympathy with him, in his plans for making our Press a great missionary agency and a most important aid of all our work. We assure him of our confidence in his management of the Press. We shall sustain our Brother with our prayers for his health, and that special Divine help be granted him in the arduous and great work before him, and hope that there may be continued to the work of Dr. Rudisill in this Press the hearty sympathy and support it merits and needs from the home Church and friends.

C. W. ROSS DESOUZA.  
W. H. HOLLISTER.

## 6

*Whereas*, in the Providence of God, our beloved Bishop Thoburn has been detained in America by the critical condition of his wife's health and the financial needs of the work in India,

*Resolved*, that we assure him of our sympathy with him and Mrs. Thoburn in their present trials and of our prayers that grace according to their needs in suffering and doing the will of God may be ministered unto them by the God of all grace, and further,

*Resolved*, that we remember his faithful and self-denying labours among us in the years gone by and trust that God will abundantly prosper the work he is now doing in America and soon open the way for his return to India.

W. L. KING.  
J. B. BUTTRICK.

## 7

*Whereas*, the need of young men and women of India for missionary service becomes increasingly imperative among us, and whereas God has been pleased to raise up among us not a few in India who have proven the excellency of service that may be expected from this source. Therefore,

*Resolved*, that we recommend pastors of English Congregations and those in charge of our English Schools to use all due means to inspire our young people with the missionary spirit, and in such ways as may be done, seek to find and lead out promising volunteers for missionary work in India.

C. B. WARD.  
C. W. ROSS DESOUZA.

## 8

Recognizing the good hand of our God in helping our brother and fellow labourer, Rev. C. B. Ward, to pioneer and build up the Mission Stations of Yellandu and Jagdalpur with their valuable buildings and lands, estimated to be worth Rs. 160,000, together with orphanages, schools, nearly 400 Christians, and over a score of workers, without any cost to the Missionary Society, we desire to record our sincere appreciation of the value and character of the work, as well as the importance of the fields of missionary labour entered; and of the generosity of those friends who through the Transit and Building Fund Society, and other channels, have helped to create this good work. And whereas it is of supreme importance that the work in Yellandu and Jagdalpur should be placed on an unencumbered financial basis, and at the same time efficiently and successfully prosecuted for the sake of the thousands into whose midst we have been Providentially led at both these centres, and whereas the situation is not materially changed, therefore,

*Resolved*, that we re-affirm the resolution adopted a year ago and that we commend Bro. Ward and his work to all interested in the spread of the Redeemer's Kingdom, and pray that friends may be raised up, who will help him meet liabilities personally assumed on behalf of the property and so enable him to press forward to victory and the salvation of the many thousands in his special field.
